

Adjustable trolley JFB 7 K Professional

High-performance transport trolley from JUNG. The JFB 12 K professional trolley transports loads up to 7 t with an installation height of 110 mm.

Product number 08 071 085-D

Weight 27kg

Product description

Advantages of the transport trolley JFB 7K Professional

- Equipped with highest quality castors as standard.
- Reduced weight due to advanced construction of load cassettes.
- All transport trolleys are ready for use: The adjustable-width transport trolley consists of two transport units and connecting bar.
- Inspected according to technical regulation ANSI ? ASME (USA)

The tank rollers have a low installation height of only 110 mm, allowing them to fit under almost any load. The transport trolleys come with ball bearing supported rollers that enable effortless maneuvering and positioning. These rollers are equipped with a standard wear-resistant coating called "JUWathan plus", ensuring a smooth and quiet operation. Optionally, the transport trolleys can be equipped with a handle or towing eye for easier transportation.
