Product description

Advantages of the transport trolley JLB 16 S

- Slim castor design (60 mm fitting length) results in easier steering due to reduced friction forces also in curves.
- Very low height at only 125 mm, with high capacity and less own weight.
- All transport trolleys are ready for use: the steerable transport trolley is fitted with a ball bearing supported turntable and a handlebar.
- Inspected according to technical regulation ANSI ? ASME (USA)
