

Steerable trolley JLB 3 K

High-performance transport trolley from JUNG. The JLB 3 K steering unit transports loads up to 3 t with an installation height of 110 mm.

Product number 07 031 085-V

Weight 12kg

Product description

Advantages of the transport trolley JLB 3 K

- Equipped with highest quality castors as standard.
- Reduced weight due to advanced construction of load cassettes.
- All transport trolleys are ready for use: the steerable transport trolley is fitted with a ball bearing supported turntable and a handlebar.
- Non-marking support wheels.
- The K-series towing bars are also available with a removable handle. The removable handle is also available as a re-fitting set.
- Inspected according to technical regulation ANSI ? ASME (USA)

With an installation height of only 110 mm, the armoured castors fit under almost any load. Whether equipped with a practical handle or additionally with a drawbar eye, the trolleys allow easy manoeuvring. Ball-bearing runners are used, which have a low-wear coating - the JUWathan plus coating.

Product properties

Weight JUWathan®plus (kg)	12
Castor dimensions (Ø x l mm)	85 x 85
Number of castors (Pieces)	4
Height (mm)	110
Dimensions steerable (mm)	225 x 280
Load capacity (suitable)	6 - 10 t
Load capacity (t)	3
Supporting surface of turntable Ø (mm)	150
Handlebar with pulling eye (mm)	990
