

# Castor JUWathan® plus series K

**Product number** 95 050 057-V1

**Weight** 0.85kg

## Product description

Advantages of the JUWathan® castor design

- The coating is molded around a steel core. Two precision ball bearings are pressed into the steel core.
- Based on the JUWathan® castor, the JUWathan®-plus castor has an improved coating material and a more advanced construction. An aluminum core replaces the steel core for easier handling at the same strength. A polyurethane based coating material is bonded around the aluminum core. This construction reduces the rolling resistance and weight by nearly 30 percent.
- We grant 5 years of warranty on operability of our wheels except improper use or normal abrasion.

## Product properties

|                              |      |
|------------------------------|------|
| <b>Inside diameter (mm)</b>  | 25   |
| <b>Outside diameter (mm)</b> | 85   |
| <b>Fitting length (mm)</b>   | 85   |
| <b>Weight (kg)</b>           | 0,85 |
| <b>Load capacity (kg)</b>    | 750  |
