

## JSET 10/3 - Hydraulik jack set

High-quality hydraulic jack set from JUNG. The set JHS 10/3 contains a JHS 10 with hose and handpump and is suitable for loads up to 10 t.

**Product number** 20 410 301-S

**Weight** 35kg

### Product description

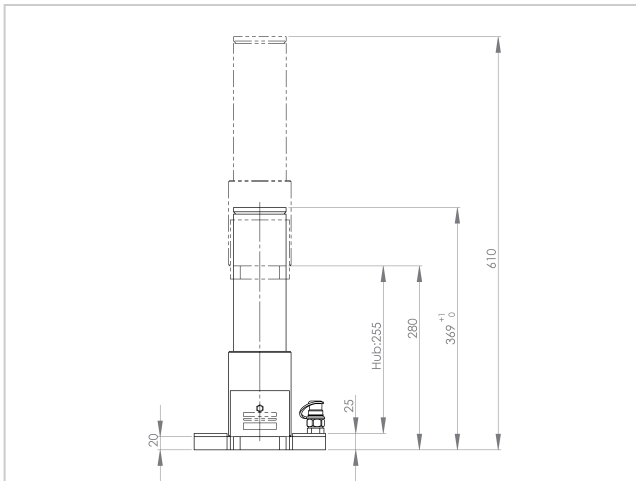

Advantages of jack sets – JSET 10/3

- The set contains 1 x jacks JHS 10, 1 x hose JS 3 (3 m) and a handpump JP 26
- 180° revolving housing, this allows the jack to be placed with long or with short feet to the load, if there is no space under that.
- Extra-large lift height: JHS 10 with lift toe 260 mm, with top plate maximum 610 mm.
- Large load capacity – up to 20 metric tons in set - with low net weight, therefore perfect for use on site or on the way by frequent changes of location.
- Can also be used horizontally for pressing.
- Safe: because of the use of a separate pump and hoses, more safety distance to the load.

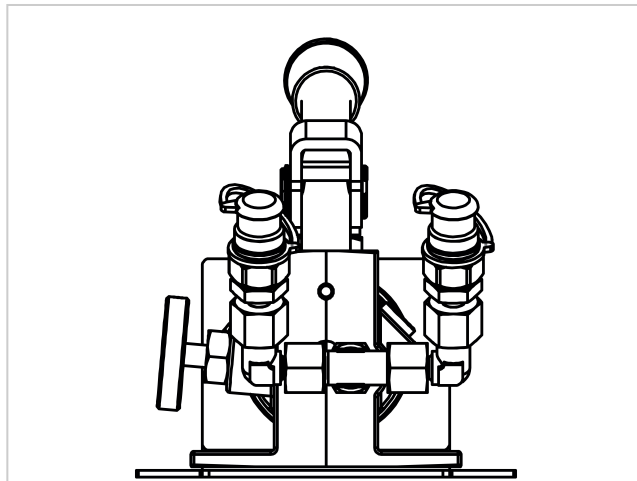

### Product properties

<b>Pump unit included</b>	Nein
<b>Maximum top plate height (mm)</b>	610
<b>Pump</b>	JP 26
<b>Hose</b>	1 x JS 3
<b>Jack</b>	1x JHS 10
<b>Load capacity on top plate (t)</b>	10
