

# JSET 20/3 ku - Hydraulik jack set

High-quality hydraulic jack set from JUNG. The set JHS 20/3 contains two JHS 10 short version with hoses and handpump and is suitable for loads up to 20 t.

**Product number** 20 420 305-S

**Weight** 56kg

## Product description

Advantages of jack sets – JSET 20/3 ku

- The set contains 2 x jacks JHS 10 ku, 2 x hoses JS 3 (3 m) and a handpump JP 26
- 180° revolving housing, this allows the jack to be placed with long or with short feet to the load, if there is no space under that.
- High capacity at low weight.
- Pump unit separated from jack, flexible use, ideal also for confined spaces, also operates in horizontal position.
- Swiveling lifting toe assures optimal adjustment to the load, along with safe and stable support even in raised position.
- Swiveling elbowed nipple allows hose connection from various directions.
- JHS 10 ku as set (JSET 20/3 ku) suits perfectly to the container transport trolleys.
