

# Steerable trolley JLB 6 K

High-performance transport trolley from JUNG. The JLB 6 K steerable trolley transports loads up to 6 t with an installation height of 110 mm.

**Product number** 07 061 085-V

**Weight** 34kg

## Product description

Advantages of the steerable trolley JLB 6 K

- The transport trolleys are ready to use and include a steerable model with a ball bearing-supported turntable and handlebar.
- The load cassettes are constructed with advanced materials, resulting in reduced weight.
- The support wheels are non-marking.
- The K-series towing bars can be fitted with a removable handle, which is also available as a separate re-fitting set.
- The transport trolleys have been inspected to meet technical regulation ANSI/ASME (USA) standards.
