Agile and powerful revolving transport trolley from JUNG. The JKB 14 G transport trolley set transports loads up to 28 t with an installation height of 180 mm.

**Product number** 14 140 140-DVu

**Weight** 254kg

## Product description

Qualities of the revolving transport trolley set JKB 14 G with JUWATHAN castors

- High load capacity at low weight.
- Bearing supported swiveling castors allow 360° maneuverability.
- JKB 14 G has same height as transport trolleys series G.
- Optional connecting bars can be offered up to 3 m length.
- Inspected according to technical regulation ANSI ? ASME (USA)
- Unrivalled: The narrow castors reduce rolling and turning resistance to a minimum.
- In addition, all the rotational trolleys have a platform center hole to allow attachment to the load.
- For choosing the adequate revolving trolley we recommend a load of two-third of the maximum capacity. This will be the most advantageous compromise between payload, ergonomics and handling of the devices.
- Pulling handle and connecting bars available as accessories.

## Product properties

<b>Supporting surface per cassette (mm)</b>	250
<b>Cassette dimensions (mm)</b>	975 x 720
<b>Load capacity (t)</b>	28
<b>Castor dimensions (Ø x l mm)</b>	140 x 59
<b>Weight JUWATHAN® (kg)</b>	296
<b>Number of castors (Pieces)</b>	2 x 12
<b>Height (mm)</b>	180
<b>Consist of</b>	2 x JKB 14 G
