High-performance transport trolley from JUNG. The JL 9 K steerable trolley transports loads up to 6 t with an installation height of 110 mm.

**Product number** 07 090 085-V

**Weight** 49kg

## Product description

Advantages of the transport trolley JL 9 K

- Our standard models come with the highest quality castors.
- Reduced weight due to advanced construction of load cassettes.
- All transport trolleys are ready for use: the steerable transport trolley is fitted with a ball bearing supported turntable and a handlebar.
- Non-marking support wheels.
- The K-series towing bars are also available with a removable handle. The removable handle is also available as a re-fitting set.
- Inspected according to technical regulation ANSI ? ASME (USA)
