

# Revolving transport trolley JKB 10 G Set

Agile and powerful revolving transport trolley from JUNG. The JKB 10 G transport trolley set transports loads up to 20 t with an installation height of 180 mm.

**Product number** 14 101 140-DVu

**Weight** 280kg

## Product description

Advantages of the revolving transport trolley set JKB 10 G with JUWathan castors

- High load capacity at low weight.
- Bearing supported swiveling castors allow 360° maneuverability.
- JKB 10 has same height as transport trolleys series G
- All products are also available in a set of two with price advantage.
- Unrivalled: The narrow castors reduce rolling and turning resistance to a minimum.
- In addition, all the rotational trolleys have a platform center hole to allow attachment to the load.
- For choosing the adequate revolving trolley we recommend a load of two-third of the maximum capacity. This will be the most advantageous compromise between payload, ergonomics and handling of the devices.
- Pulling handle and connecting bars available as accessories.
- Inspected according to technical regulation ANSI ? ASME (USA)

It is recommended to select a payload of approximately 2/3 of the maximum load capacity to achieve the best compromise between payload, ergonomics, and handling of the equipment.

## Product properties

<b>Weight JUWathan® (kg)</b>	280
<b>Supporting surface per cassette (mm)</b>	250
<b>Cassette dimensions (mm)</b>	975 x 665
<b>Consist of</b>	2 x JKB 10 G
<b>Castor dimensions (Ø x l mm)</b>	140 x 59
<b>Number of castors (Pieces)</b>	2 x 8
<b>Height (mm)</b>	180
<b>Load capacity (t)</b>	20
