

Steerable trolley JL 12 K

High-performance transport trolley from JUNG. The JL 12 K steerable trolley transports loads up to 12 t with an installation height of 110 mm.

Product number 07 120 085-V

Weight 62kg

Product description

Advantages of the transport trolley JL 12 K

- The trolleys are equipped with highest quality castors as standard.
- The innovative housing design of the transport system ensures an optimal balance between performance and weight.
- All transport trolleys are ready for use: the steerable transport trolley is fitted with a ball bearing supported turntable and a handlebar.
- Non-marking support wheels.
- The transport system is comprised of two cassettes with a connecting rod. An extended connecting rod is available upon request.
- Inspected according to technical regulation ANSI ? ASME (USA)

Product properties

Load capacity (t)	12
Handlebar with pulling eye (mm)	1 210
Castor dimensions (Ø x l mm)	85 x 85
Height (mm)	110
Number of castors (Pieces)	16
Dimensions steerable (mm)	580 x 1 000
Load capacity (suitable)	21 - 25 t
Weight JUWAtan®plus (kg)	64
Supporting surface of turnable Ø (mm)	170
