

# Adjustable trolley JFB 20 G

High-performance transport trolley from JUNG. The JFB 20 G transport unit transports loads up to 20 t with an installation height of 180 mm.

**Product number** 10 203 140-V

**Weight** 88kg

## Product description

Advantages of the transport trolley JFB 20 G

- The pivoting cassettes and axles within the frame assure even pressure distribution across all castors and across the floor. No need for complex and expensive hydraulic compensation system.
- The double castor design results in dramatically easier steering and also causes the trolleys on the rear axis to follow in a truer course.
- All transport trolleys are ready for use.
- The adjustable-width transport trolley consists of two transport units and connecting bar.

## Product properties

<b>Weight JUWATHAN®plus (kg)</b>	80
<b>Connecting bar with joint (mm)</b>	2 x 1 540
<b>Cassette dimensions (mm)</b>	460 x 285
