**Product number** 08 031 085-V

**Weight** 11kg

## Product description

Advantages of the transport trolley JFB 3 K

- Equipped with highest quality castors as standard.
- Reduced weight due to advanced construction of load cassettes.
- All transport trolleys are ready for use: The adjustable-width transport trolley consists of two transport units and connecting bar.
- Inspected according to technical regulation ANSI ? ASME (USA)

With an installation height of only 110 mm, the armoured castors fit under almost any load. Whether equipped with a practical handle or additionally with a drawbar eye, the trolleys allow easy manoeuvring. Ball-bearing runners are used, which have a low-wear coating - the JUWathan plus coating.
