

Tandem trolley JTLB 14 K

For transporting loads without a center point support - the tandem trolleys JTLB 6 K for loads up to 14 t.

Product number 12 121 085-D

Weight 102kg

Product description

Advantages of the tandem trolleys JTLB 14 K

- Tandem transport trolley for loads with no leading or trailing edge center support.
- The double castors design results in dramatically easier steering due to reduced friction forces in curves. The much lower friction resistance also causes the castors on the rear axis to following in directional stability.
- Multi-purpose use: Also usable as two single trolleys, each with half of the combined load capacity. No additional accessories needed.
- Ready for use: 2 interconnected steerable trolleys with 2 handlebars and two tandem connecting bars.

Product properties

Total length/width (mm)	1 105 x 1 924
Handlebar with pulling eye (mm)	1 210
Castor dimensions (Ø x l mm)	85 x 85
Steerable dimensions (mm)	1 000 x 590
Width of track and connection rod (mm)	1 400
Adjustable from - to Vmin. - Vmax. (mm)	660 - 1 340
Height (mm)	110
Number of twin castors (pcs.)	16
Load capacity (t)	14
Supporting surface per turnable	150
Adjustable	5 x
