

Multi-purpose trolley JLF Set 12

Agile and powerful multi purpose transport trolley from JUNG. The JLF Set 12 transport trolley transports loads up to 12 t with an installation height of 150 mm.

Product number 16 120 085-D

Weight 89kg

Product description

Advantages of multi-purpose transport trolley JLF Set 12

- Combined leading swiveling castors with trailing rigid castors. Swiveling lead castors make steering easier by up to 80 %.
- Ergonomic: reduces handling effort for user.
- Better directional stability on long straight-line paths with trailing rigid castors.
- Each trolley can be used for either steerable or straight-line movements.
- Extreme maneuverable with thrust bearing supported, anti-slip turntable.
- Each wheel set cassette can be used as a steering mechanism, wheel set or tandem wheel set.
- Ideal for transporting loads on slalom paths including 90° true-to-course straight line, turning and sideways maneuvering.
- Floor protective, non-marking coating.
- Despite its low weight, the wheel set can move heavy loads.
- Included in set is an additional pulling handle for steering of rear-trailing trolleys for tighter turning radius.

Product properties

Number of castors / twin castors (pcs.)	2 x 4/2 + 1 x 4/4
Load capacity (t)	12
Handlebar with pulling eye (mm)	1 210
Weight JUWATHAN®plus (kg)	95
Castor dimensions (Ø x l mm)	85 x 43
Height (mm)	150
Connecting bar Ø x L (mm)	20 x 1 200
Dimensions (mm)	410 x 420
Load capacity (suitable)	11 - 15 t
Supporting surface of turnable Ø (mm)	150
